### SUPPLEMENTARY INFORMATION

#### I. Background

On January 10, 1994, the Director of WDOE submitted to EPA Region 10 revised and updated regulations for NWAPA affecting Island, Skagit, and Whatcom Counties. NWAPA and WDOE held joint public hearings on April 14, 1993 and September 8, 1993, to receive public comment on the revisions to NWAPA's rules and the submittal to EPA as a revision to the Washington SIP.

These regulations cover such subjects as the adoption of State laws and rules, criminal and civil penalties, notice of construction procedures, registration classes, volatile organic compounds (VOC) controls, and others (please see Description of Plan Revisions, below). NWAPA requested that the WDOE submit these additions for incorporation into the Washington State SIP in an effort to prepare NWAPA for implementation of the operating permit program. EPA granted interim approval to NWAPA's operating permit program effective December 9, 1994. See 59 FR 55813 (November 9, 1994).
